The following footnote references apply only if the table above has a foot number reference.

1. Phase in value comes from the data base at the Maryland Department of Assessments and Taxation <http://www.dat.state.md.us/>, Real Property Data Search. The phase in value is for the next fiscal year, if available, otherwise the phase in value is for current fiscal year.
2. Tax rates come from the current property tax bill, which also may include several non-tax charges, at the web page of the County Government's Department of Finance: <https://www.montgomerycountymd.gov/finance>. Look for a link to "Pay or view your property tax bill on line".
3. County Property Tax is the sum of the General Fund tax and several special fund taxes.
4. All non-tax charges (for example Solid Waste, Water Quality Protection, Bay Restoration Fund, WSSC) are the charges in the current fiscal year. These charges may be different in the next fiscal year.
5. This property is located in an existing development district. Each year a special development district assessment must be paid. Effective every July 1st, the rate will change based on changes in the property assessment and debt service requirements. More information is available in the FAQ section of this website.
6. You must update the estimate for the property taxes and other non-tax charges
 - a. Every July 1, because the tax rates, phase-in values, and other non-tax charges will or may change; AND ALSO
 - b. In early January if the calculation used the phase-in value for the current fiscal year instead of the phase-in value for the next fiscal year, because SDAT had not yet specified the phase in value for the next fiscal year. This occurs in the period July 1 - early January in the third year of the three year assessment cycle.
7. This property is located in a proposed development district. At some date in the future, development district taxes may be levied to pay debt service on bonds issued to build infrastructure in the district. It is important that property owners recognize that this additional tax may be levied in the future. The rate indicated above is an estimate and will change once the district is created and bonds are issued. More information is available in the FAQ section of this website.
8. The Proposed Estimated Total includes all actual and proposed taxes and non-tax charges relative to this property.
9. This is a one time charge assessed against this property and is not an annual fee. It should be paid before the property is sold and will remain due until paid.

Consent for Dual Agency

(In this form, the word "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease")

When Dual Agency May Occur

The possibility of Dual Agency arises when:

- 1) The buyer is interested in a property listed by a real estate broker; and
- 2) The seller's agent and the buyer's agent are affiliated with the same real estate broker.

Important Considerations Before Making a Decision About Dual Agency

A broker or the broker's designee, acting as a dual agent does not exclusively represent either the seller or buyer; there may be a conflict of interest because the interests of the seller and buyer may be different or adverse. As a dual agent, the real estate broker does not owe undivided loyalty to either the seller or buyer.

Before the buyer and seller can proceed to be represented by a broker acting as a dual agent, they must both sign Consent for Dual Agency. If the buyer has previously signed Consent for Dual Agency, the buyer must **affirm** the buyer's consent for the purchase of a particular property before an offer to purchase is presented to the seller. If the seller has previously signed Consent for Dual Agency, the seller must **affirm** the seller's consent for the sale of the property to a particular buyer before accepting an offer to purchase the property. The **affirmation** is contained on Page 2 of this form.

Your Choices Concerning Dual Agency

In a possible dual agency situation, the buyer and seller have the following options:

1. **Consent in writing to dual agency.** If all parties consent in writing, the real estate broker or the broker's designee (the "dual agent") shall assign one real estate agent affiliated with the broker to represent the seller (the seller's "intra-company agent") and another agent affiliated with the broker to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategy.
2. **Refuse to consent to dual agency.** If either party refuses to consent in writing to dual agency, the real estate broker must terminate the brokerage relationship for that particular property with the buyer, the seller, or both. If the seller's agreement is terminated, the seller must then either represent him or herself or arrange to be represented by another real estate company. If the buyer's agreement is terminated, the buyer may choose not to be represented by an agent of his or her own but simply to receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company. Alternatively, the buyer may choose to enter into a written buyer agency agreement with a different broker/company.

Duties of a Dual Agent and Intra-Company Agent

Like other agents, unless the client gives consent to disclose the information, dual agents and intra-company agents must keep confidential information about a client's bargaining position or motivations. For example, without written consent of the client, a dual agent or intra-company agent may not disclose to the other party, or the other party's agent:

- 1) Anything the client asks to be kept confidential; *
- 2) That the seller would accept a lower price or other terms;
- 3) That the buyer would accept a higher price or other terms;
- 4) The reasons why a party wants to sell or buy, or that a party needs to sell or buy quickly; or
- 5) Anything that relates to the negotiating strategy of a party.

*** Dual agents and intra-company agents must disclose material facts about a property to all parties.**

How Dual Agents Are Paid

Only the broker receives compensation on the sale of a property listed by that broker.

If a financial bonus is offered to an agent who sells property that is listed with his/her broker, this fact must be disclosed in writing to both the buyer and seller.

I have read the above information, and I understand the terms of the dual agency. I understand that I do not have to consent to a dual agency and that if I refuse to consent, there will not be a dual agency; and that I may withdraw the consent at any time upon notice to the dual agent. NOTIFICATION OF DUAL AGENCY WITHIN A TEAM

A team that provides real estate brokerage services must consist of two or more associate brokers or salespersons, or a combination of the two, who:

1. work together on a regular basis;
2. represent themselves to the public as being part of one entity; and
3. designate themselves by a collective name such as "team" or "group."

The team operates within a brokerage, and team members are supervised by a team leader as well as by the broker, and, if they work in a brokerage branch office, by the branch office manager.

The law permits one member of a team to represent the buyer and one member to represent the seller in the same transaction only if certain conditions are met. If both parties agree, the broker of the real estate brokerage with which the salespersons or associate brokers are affiliated, or broker's designee (the "dual agent") shall designate one team member as the intra-company agent for the buyer and another team member as the intra-company agent for the seller. No one else may make that designation.

The law also requires that the buyer and seller each be notified in writing that the two agents are members of the same team, and that the team could have a financial interest in the outcome of the transaction in addition to any financial benefit obtained by selling one of the broker's own listings. THIS FORM CONSTITUTES YOUR NOTICE OF THOSE FACTS.

Dual agency may occur only if both parties consent to it, and sign the Consent for Dual Agency form prescribed by the Real Estate Commission. If you have concerns or questions about being represented by a team member when another team member represents the other party, you should address these to the broker or branch office manager before signing the Consent form.

This form must be presented to the buyer and seller at the time that the real estate licensee presents the disclosure of agency relationships. For the seller, that should occur no later than when the seller signs the listing agreement. For the buyer, that should occur no later than the initial scheduled showing of property.
