

Recent Home Sale: 6004 BROOKSIDE DR - \$2,795,000

Remarks Spectacular, 24-year old house on beautiful, private, large, corner lot in the heart of Kenwood. With a soaring 30' ceiling in the LR & DR, master bedroom on the main level and 2-car, attached garage off the kitchen, one-level living awaits your enjoyment. With 3BR/2BA upstairs and a large lower level with 1BR/1BA, this house has plenty of space for guests or an au pair. The features are wonderful and include hardwood floors, top-of-the-line lighting controls, hidden blinds and shades, 4-zone HVAC, central vacuum and four doorways with louvered and screened pocket doors. The kitchen includes two Subzero refrigerator/freezers, Viking cooktop, Gaggenau stove, two sinks and a large pantry, and the exterior includes a 12-zone irrigation system, private rear terrace and a second driveway with direct access to the lower level. The large, .37-acre lot has a nice backyard large enough for a pool. A new cedar shake roof was installed in September.
