Remarks THIS HOME IS TO BE BUILT. The Alcott is the perfect blend of neotraditional design and open floor plan concept! As you enter the foyer you are greeted by a dining room that is as functional as it is beautiful. Add the optional trim for a sense of space and elegance, or choose the study for work from home convenience. Past a well-placed closet and powder room the home opens to a beautiful, multifunctional living space featuring a huge kitchen with large island, a dinette for informal evenings at home, and a grand family room that can be accented by a fireplace and rear covered porch. Upstairs a loft offers a 2nd floor living area and gives a sense of arrival. The owner's bedroom is truly a suite with a tray ceiling and an enormous walk-in closet. The owner's bath features a double bowl vanity, compartmentalized water closet, and dual-head shower. Or choose the soaking tub for the ultimate in spa-like living.
